

After the conjoined men

by Paul Koniecki

we saw a woman with four legs.
Well dressed, seated, comfortably
appointed and knitting. And I wondered

if the soul of her twin was free and happy
as I wondered if the stars of this show
and in the sky and my son and any of us

are free and happy or non-ambulatory
souls
blind and wondering.

It seemed a similar example.

for Adam Rainer, the only recorded adult little person and adult giant in history.
